

## OFFICIAL PRESS RELEASE

To: All Drivers

Date: 30/10/2011

### RACE EVENT PROCEDURE

**PRACTISE SESSION:** Practise Session starts at 9:15 p.m. and has a duration of 20 minutes. Drivers are highly advised to join this session on time. Lap times obtained during this session will be used to determine the first and second group during qualification session. In case a driver gets disconnected during this session, he can re-connect again. This session cannot be stopped or restarted, unless it is a server technical problem.

**QUALIFYING SESSION:** Qualifying Session has a duration of 35 minutes. The first 15 minutes will be available for the slowest 50% drivers during practise, while the last 15 minutes will be available for the fastest 50% drivers. Race director will indicate that session is over to the first group. They can continue their last lap and return to pits immediately. There will be an interval of 5 minutes between the two sessions. If a driver gets disconnected during this session he can re-connect again. This session cannot be stopped or restarted, unless a server technical problem occurs.

**WARM-UP SESSION:** Warm-Up has a duration of 5 minutes. If a driver gets disconnected during this session he can re-connect again. This session cannot be stopped or restarted, unless a server technical problem occurs. During this session, the race director will be setting the grid if necessary. He will inform all drivers when the grid is ready.

**RACE:** The race starts automatically just after warm-up ends. In case there is a disconnection during the race, the driver cannot connect again. The race will not be stopped for any accidents, mistakes or disconnections which occur at race start or during the race itself.
