

## rF2 Spotter Plugin v2.0.4 (Including Sound Pack v1.9)

### Installation:

- Copy fmodex64.dll into rFactor2/Bin64 (not under Bin64/Plugins)
- Copy fmodex.dll into rFactor2/Bin32 (not under Bin32/Plugins)
- Copy SpotterPlugin\_x64.dll into rFactor2/Bin64/Plugins
- Copy SpotterPlugin.dll into rFactor2/Bin32/Plugins
- Copy the Spotter directory itself in the <rF2Data>/UserData/player

### IMPORTANT:

- Disable the rF2 default Spotter, put the spotter off in the "Settings" menu of the game.
- You can set the Maximum Spotter Volume using the rF2 Spotter Audio setting (in game interface).

### Recommended Audio Settings:
